correction wbp81 I was sleeping when I heard a very loud noise, so I got up and I looked in the street. The shop window of the jewellery was broken and the light was on. Then I saw the owner of the shop going out and someone was walking just behind him. This man was holding a knife in his hand and he was carrying a big bag on his shoulder. I was very scared so I wasn't moving. But suddenly, the man with the knife saw me! He stabbed the other one and ran away in the night!
